29 MARCH 2007

Security Notice from the Plantation Estates Community Association

Good evening,

Over the past 24 hours we have had several incidents reported to us via phone calls and emails concerning someone burglarizing unlocked vehicles throughout the neighborhood. Many of the vehicles that were opened were either parked in someone's driveway or along their street.

It appears at this time most of those vehicles burglarized were left unlocked and were not actually broken into. Some of the victims reported also having other vehicle that were locked and not tampered with.

If you or someone you know has been fallen victim to these incidents, please call 911 immediately. It is very important that this information be reported to the JPSO. This is the only way we can keep our residents informed when these types of incidents occur.

Reminder: Please remember to lock your vehicle doors at all times. Keep an eye out for any suspicious activity and never hesitate to call 911 and have them check it out.

Thanks for supporting the Plantation Estates Community Association!

Emergency Contact

Always call 911 first
