

Plantation Estates decorates entrance for the holiday season

This is one of many projects made possible with your support each year. We improved the decorations at the Barataria entrance by upgrading to grid lights making it more uniformed, added some color and added the lighted snowman and penguin. Thanks to Wesley Boudreaux for his design ideas and the other volunteers who helped decorate.

Also, thanks to John Combel for making the "Happy Thanksgiving Plantation Estates" and "Merry Christmas Plantation Estates" signs at our entrances.

We are planning to change the banners this weekend to the "Season Greetings" flags.

Thanks again for your support.
